Applications of Psychoanalysis to Families of Soldiers Serving in Iraq and Afghanistan

A Pro Bono Program
Under the Auspices of the
Psychoanalytic Couple and Family Institute
of New England (**PCFINE**)
With the Support of Other Psychoanalytic Groups

This roundtable discussion will focus on how a *pro bono* outreach program is being established by PCFINE to serve the families of deployed reservists via preventative psycho-education and direct service to individuals, couples, adolescents, children and families. We will discuss the work leading to the start-up phase, which we consider a pilot project, and plans to launch a national project by mobilizing analytic groups and institutes from coast to coast.
